

Course Report

Activities:

Seq	Comp Date	Dur	Type	Description
1	09/01/2020	60	Workbook	Unit 1 The Structure of Mathematics: Part A Mathematics as a Language: Lesson 1 Mathematical Parts of Speech: Watch Training Video and Video Instruction. Course Notes. Complete and go over odd numbered Exercises with teacher.
2	09/02/2020	10	Quiz	Part A Lesson 1: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
3	09/02/2020	30	Workbook	Part A Lesson 2 Mathematical Expressions: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
4	09/03/2020	30	Quiz	Part A Lesson 2: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
5	09/04/2020	60	Workbook	Part A Lesson 2 Mathematical Expressions: Discuss Course Notes and yesterday's Quiz A. Complete and go over even numbered exercises with teacher.
6	09/08/2020	20	Quiz	Part A Lesson 2: Complete Quiz B. Teacher grades answers, student corrects answers for partial credit.
7	09/09/2020	30	Workbook	Part A Lesson 3 Translation of Mathematical Symbols: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
8	09/10/2020	30	Quiz	Part A Lesson 3: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
9	09/11/2020	60	Workbook	Part B Further Investigation of Number Symbols: Lesson 1 The Development of our Number System: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
10	09/14/2020	60	Quiz	Part B Lesson 1: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
11	09/15/2020	60	Workbook	Part B Lesson 2 Fraction Forms and Decimal Forms: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
12	09/16/2020	60	Workbook	Part B Lesson 3 Changing Fraction Forms to Decimal Forms: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
13	09/17/2020	60	Quiz	Part B Lesson 3: Complete Quiz A (lessons 2-3). Teacher grades answers, student corrects answers for partial credit.
14	09/18/2020	30	Workbook	Part B Lesson 3: Complete and go over EVEN numbered exercises with teacher.
15	09/21/2020	30	Quiz	Part B Lesson 3: Complete Quiz B (lessons 2-3). Teacher grades answers, student corrects answers for partial credit.
16	09/23/2020	60	Workbook	Part B Lesson 4 Changing Decimal Forms to Decimal Forms: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
17	09/28/2020	60	Workbook	Part B Lesson 4 Changing Decimal Forms to Decimal Forms: Watch Video Instruction. Discuss Course Notes. Complete and go over even numbered exercises with teacher. [NO quiz scheduled tomorrow]
18	09/29/2020	60	Workbook	Part B Lesson 4 Changing Decimal Forms to Decimal Forms: Go over all incorrect problems from yesterday with teacher. Complete Extra Practice Problems (https://videotext.com/extra-practice-problems/)
19	09/30/2020	60	Workbook	Part B Lesson 5 Percent: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
20	10/01/2020	60	Quiz	Part B Lesson 5: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.

Course Report

Activities:

Seq	Comp Date	Dur	Type	Description
21	10/02/2020	60	Workbook	Part B Lesson 6 Primes, Composites, and Factoring: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
22	10/05/2020	60	Workbook	Part B Lesson 7 Least Common Multiple: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
23		60	Workbook	Part B Lesson 8 Greatest Common Factor: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
24		60	Quiz	Part B Lesson 8: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
25		60	Workbook	Part C Further Investigation of Operation Symbols: Lesson 1 Order of Operations : Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
26		60	Workbook	Part C Lesson 2 Properties of Operations: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
27		60	Workbook	Part C Lesson 3 Properties of Operations with Special Numbers: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
28		60	Quiz	Part C Lesson 3: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
29		60	Workbook	Part C Lesson 4 Operations with Fractions-Multiplication: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
30		60	Workbook	Part C Lesson 5 Operations with Fractions-Addition & Subtraction: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
31		60	Workbook	Part C Lesson 6 Operations with Fractions-Division: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
32		60	Quiz	Part C Lesson 6: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
33		60	Workbook	Part C Lesson 7 Operations with Decimals: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
34		60	Quiz	Part C Lesson 7: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
35		60	Workbook	Part C Lesson 8 Operations with Signed Numbers-Vectors and Absolute Value: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
36		60	Workbook	Part C Lesson 9 Operations with Signed Numbers-Addition: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
37		60	Workbook	Part C Lesson 10 Operations with Signed Numbers-Subtraction: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
38		60	Quiz	Part C Lesson 10: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.

Course Report

Activities:

Seq	Comp Date	Dur	Type	Description
39		60	Workbook	Part C Lesson 11 Operations with Signed Numbers-Multiplication & Division: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
40		60	Quiz	Part C Lesson 11: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
41		60	Workbook	Part D Further Investigation of Relation Symbols: Lesson 1 Order of Numbers and the Number Line: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
42		60	Quiz	Part D Lesson 1: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
43		60	Workbook	Part D Lesson 2 Properties of Equality: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher. [NO quiz scheduled tomorrow, if student not ready, work even numbered exercises tomorrow.]
44		60	Workbook	Part D Lesson 3 Properties of Inequality: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
45		60	Quiz	Part D Lesson 3: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
46		60	Workbook	Part E Mathematical Models: Lesson 1 The Mathematics of Sets: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
47		60	Quiz	Part E Lesson 1: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
48		60	Workbook	Part E Lesson 2 The Mathematics of Functions: Watch Video Instruction. Discuss Course Notes. Complete and go over odd numbered exercises with teacher.
49		60	Quiz	Part E Lesson 2: Complete Quiz A. Teacher grades answers, student corrects answers for partial credit.
50		60	Workbook	Study for Unit 1 Test.
51		60	Test	Unit 1 Test Form A
